BSG Tractors and Machinery was established in 1986.

2

BSG offers a service to those people who own or manage land . We supply a wide range of equipment, technical support and parts & service back up. We also offer an **exchange or buy back option** when our products are no longer needed.

**This price guide** contains the main items that we sell, but the situation is constantly changing. Recently the supply of many items has become more difficult. This is due to inflation, transport costs and other factors. Please check our website, or contact us for more information on any requirements that you may have.

**Contents**

**PORTABLE BUIDINGS**    Portable Tractor Shed & Portable Shelter

**The Portable Tractor Shed**, designed to house a small tractor and implements, or for live-stock, animal feed, logs etc. Being moveable it does not come under the normal planning constraints and so can be placed in the best location. Construction comprises of a strong box profile steel frame, covered with juniper green, polyester coated, steel profile sheeting. It is mounted directly on steel runners with towing eyes. The tractor shed blends into the scenery and can be pulled along easily with a tractor.

Full width door, for easy access.

## THE POWER SCYTHE

This Twin Blade Power Scythe has been marketed by BSG Tractors and remained virtually unchanged for 25 years. It is lightweight, easy to handle and maintain. The double blade, instead of a single blade and fingers, removes the tendency for a blockage in tough conditions.

**Safety if you let go, it stops.**

Self Propelled with Briggs & Stratton Petrol engine and height and lateral adjustable controls.

**For Long Grass, Thistles, Brambles, Hay, & Overgrown Pasture. The most cost effective way to manage green areas, such as WILD FLOWER MEADOWS**

**SPECIFICATION.** Cutting width 3ft (87cm). Speed 0.5mph, or up to 0.5 acre/hr. Cutting height 1" to 4" Engine B&S 4stroke petrol. Transmission 1 forward gear driven through a worm drive with belt protection. The white cover vibrates, dividing the grass into manageable rows. Shipped in box 80x56x53cm weight 41kg with full assembly instructions. Price £865

Special orders can also include Snow Blade, Sweeper/collector and Tipping Truck

We have over 20 years of experience in parts and service support for this Italian made machine.

ALL PRICES EXCLUDE VAT

**Grass Topper**, adjustable cutting height, works in line or offset, includes safety shear bolt. Width max 1.17m £1,090 or Width 1.35m £1,260. opt overrun clutch £98.

**Apex Flail Mower** 1.00m, 1.2 & 1.5m cut, rear roller controlled cutting height, weight from 125kg. Ideal for tractors 15 to 35 hp. Blades Y shape for a fine finish. With rear cover Prices from £1,185.

**Hay Rake / Turner.** Two wheel, ground driven, can be set to turn for drying, or rake into rows. Ideal for all hay, long grass, weeds etc. Tractor mounted, does not need PTO Price £890. Optional angle bracket for shorter grass £47.

**Trailed Hay Rake, for Quad Bikes, 4 x 4s, Garden Tractors, etc . £1190**

The trailed hay rake is also ground driven but it has its own wheels and manual lift system for transport, both can also be use as light harrow for dethatching lawn and grass.

**Buck-rake.** for light materials, hay, grass, manure, bushes etc. It has a tipping lever, which automatically locks when the buck-rake is emptied and lowered . Prices 1.2m wide £615 & 1.4m wide £745.

ALL PRICES EXCLUDE VAT

BIO 8T Chipper/ Composter with Hydraulic Feed, and Auto Reverse to prevent jamming Price £3,940 **USED OPTION available**

**Fence Post Driver** for small and compact tractors. Uses single hydraulic pipe £1480

**LAND DRAINAGE The Mole Plough/ Subsoiler.**

To drain wet land or to lower the water table, the mole plough option (as picture) is used. The beam controls the depth, the blade cuts a vertical slot, below which a drainage tunnel is formed in the ground. An optional expander can increase the size and also the strength the mole tunnel. The mole is also used to **lay pipes and cables** and avoid the need for a trench

To subsoil invert the blade. This is ideal for ripping up rough areas prior to root clearing, levelling, earth moving, or further cultivation. It prevent damage to other implements and is also used to break the plough pan in cultivate land. Best for tractors 25 to 60hp ,£425

Optional expander £69

**Rotary Mowers**, are best for managing shorter grass, They consist of three rotor blades driven by belts from a central gear-box, The cutting height is set by altering the wheel. Models are 4, 5 & 6ft wide. A 6ft (1.8m) model is priced at £1689

Sprayer

**TRACTOR SECTION - Quad Tractors**

**What is a Quad Tractor?** The design gives four equal sized wheels, with around 65% of total weight on the front axle, by adding the weight of the driver and rear implement, stability and traction are greatly improved. A conventional tractor is taller, with the majority of the weight on the rear axle. Front weights may be needed to improve stability.

**QUAD TRACTORS, can offer the following A LOWER CENTRE OF GRAVITY for EXTRA SAFETY ON HILLS and LESS DAMAGE ON SOFT GROUND,** With articulated steering the front wheels always remain parallel and larger front wheels have better flotation and traction, also they are more efficient if using the **4 WHEEL BRAKE** when going downhill.

Conventional steering is also available.

Four wheel articulated steering allows very tight turns & easy reversing with a trailer.

Mini Tractors

Goldoni Tractors

Ferrari Tractors

## MINI QUAD TRACTORS

6

Ideal for use in tight places and on a small acreage. They can be very narrow to work in rows and small areas and are ideal to tackle many jobs that may otherwise need to be done by hand. They have a PTO, three point lift (cat 0) and a unique range of implements.

**3 POINT LIFT— Power take off— 4 WHEEL DRIVE — HONDA PETROENGINE .  
A very economical tractor, easy to drive without the noise and pollution of diesel.**

Engine Honda Petrol max power kw/ps 9.6/13, Gears 4F 3Rev, max speed 18kph, Length 2.4m Typical width 0.85 to 1.2 m, weight typical 500kg. Prices £4,200 to £5680. Implements available for hay, cultivation and general work.

**GOLDONI QUAD 20** was virtually unchanged in 20 years, when the main production ceased in 2016. Some models have now become available for around £11,000  
**We also offer a number of used and refurbished Quad 20 Tractors.**

The Quad 20 model, was never made by Goldoni. It was produced by BSG using a modified Goldoni vineyard tractor from 1996. It proved to be very popular, many hundreds were sold. Like many things it is no longer possible to buy one of this design without the electronic gadgets. It was the simplicity of the design that has made the tractor so easy to maintain and so popular over so many years.

Dimensions, Length 2.5m Width 0.9 to 1.2m, Wt. 750kg, Engine 20hp air cooled, 6 F + 3Rev gears . Wheels 6,50x15" , or (wide wheels 26"x 12" ), Prices from £11,390. Options, larger footplates £285, tipping pipe £110, side mounted hydraulic lever £140.

ALL PRICES EXCLUDE VAT

## TRACTOR IMPLEMENTS FOR GRASS & Paddock CARE

11

**Rut Buster, Levelling Harrow** works either way up and in both directions to restore uneven ground & overgrown areas 1.5m wide £565.

**Roller** can have water ballast, 30cm diameter weight 150kg ,width 1.5m.. Can be trailed ,or mounted & mounted on the three point lift £520.

**Grass Harrows**, The most cost effective treatment for meadows. The triple grass harrow can be used in 3 ways. The trailed model, Price & width 1.20m - £239, 1.80m -£366 2.5m -£499 . Trailing drag weights are £16 each.

**Tractor Mounted Grass Harrow** (right) . Ideal for transporting and working in confined areas. Can be used 3 ways 1.2m wide £ 539 or 1.8m wide £666.

**New Grass Harrow Tractor Mounted Sprung Tines, fast action attacks moss, dead growth, spreads manure, mild aeration promotes growth.**

The vibration of the sprung steel tines, increases the harrowing and raking effect, without increasing the power requirement. A small tractor with a two row harrow can cover a large area in a short time. Model from 1.8m wide £365 to 2.5m wide £465. Also 1.2 & 1.5m wide models with 3 & 4 rows of tines available, from £440 to £890.

TEL 01206 212092 E-MAIL

**Bulldozer for Earth Rocks & Snow.**

This is a heavy blade, used to dig and push, it can easily be angled to either side and a rubber strip is available for snow if required. Width 1.2m £395 or 1.4m width for £495.

**Angle Grader 1.20m adjustable blade.**

Like the bulldozer but can be used in forward and reverse. Available with a **fixed** headstock 105kg £620, or with a **swivel** headstock for offset use £695. Other models available up to 3m wide.

**Stone Rake 120.** A heavy implement, part ripper and part heavy rake. For rocks roots rubble and rough ground. It has angle adjustment as does the grader and a swivel headstock. The width 1.2m weight at 135 kg. price £890. Or width 1.4m weight at 150 kg £990.

**Landscape Rake,** for land clearance (stones, growth and rubbish) beach cleaning and pasture reclamation. Fully adjustable rake angle and optional fixed, or swivel headstock, (to offset rake), are available on 1.5m wide model at £695 and £765 respectively. The 1.8m rake is much heavier at 189kg. It is for a larger tractor. Available only with a swivel headstock at £878

Fixed Headstock available for Grader, Stone and Landscape rakes

Consider using a fixed headstock on very light tractors where stability may be an issue. For instance on very steep slopes.

**FERRARI QUAD TRACTORS**

**Ferrari produces the most sophisticated version of the quad tractor**

**FERRARI CROMO 35 Quad tractors.**

Dimensions L 2.8m, Width adjustable 1.0 to 1.35m, Wt. 1000kg. Engines 25hp water cooled, 8F+4R gears, with a double acting external hydraulic service. Wheels, standard 6.50x16" as Top Picture, or wide wheels.

As next Three Pictures tractors with the wider 2.60. 70 x16" wheels, with a buck-rake and a flail cutter. This is a very comfortable and easy to operate tractor, with power steering, easy gear change, folding roll bar, and oscillating chassis for extra stability. Four wheel steering result in tighter turning and less ground damage. Price from £14,980
